Triple F. Club Revived.

On Friday evening, May 4, Miss Christine Pike was the charming hostess to the F. F. F.'s, receiving them at her home where they were delightfully entertained with music by Miss Harris until 8 o'clock.

Promptly at that hour the guests were presented with tiny flags and after "pairing", they were escorted by Miss Christie to the Airdome where Mrs. Martin greeted them with a slide "Welcome F. F. F.'s".

After the show refreshments consisting of cakes and sherbet were served on the lawn by Messrs. Geo. Carle, Jr., Thos. D. Saathoff and Earl Starnes.

Following the solo by Miss Harris, accompanied by Mr. Carle, which was very much enjoyed and highly appreciated, the guests departed declaring Miss Pike an ideal hostess.

Those present were: Misses Bennie Hurt, Lorine and Lucille de Montel, Lizzie Schuehle, Marie Filleman, Ella Hardt, Clara and Una Gaines, Hazel Licklider, Fanny Carle, Bettie Schmidt, Emma Muennink, Mabel Hollaway, Dorothy Harris, Mary Moore, Bertha Frenzel, Ula Webb and the hostess, Messrs. Thos. D. Saathoff, Geo. Carle, Jr. and Earl Starnes.

The next meeting will be with Misses Lorine and Lucille de Montel.

School Notes.

Next week is examination, and commencement for the school year. The examinations will be given in the mornings, giving the afternoons for the teachers to grade the morning work and check up their term reports.

The commencement exercises are as follows: The Baccalaureate Sermon Sunday morning May 13, at 11 o'clock, Methodist Church, by Rev. Mr. Green of the Baptist Church.

Tuesday nights there will be a series of drills, tableaux and playlets by the school grades.

Thursday evening, the Senior play, "A Strenuous Life" at the Auditorium. Friday night at 8:30 the class exercises at the auditorium. The address will be given this year by H. J. Ettlinger of the University of Texas.

As to our trip to the Interscholastic meet, we feel that we were well paid for going though we failed to return with any great distinctions. It means a great deal to cope with 179 schools. Our boys did splendidly in every thing they entered. The records made were unusually good. The boys are more determined to go again another year.

Miss Rothe Entertains.

Miss Joanna Rothe entertained with a beautifully appointed dinner dance on Wednesday evening.

The spacious home was attractively decorated with cut flowers, miniature flags and tents. The place cards were hand painted flags, the favors, miniature red baskets adorned with flags. Seven courses were served. The guests were Misses Mary Kempf, Josephine Hutzler, Emabel Rogers, Ruth Rothe, Joanna Rothe; George Carle, Dr. Taylor, Milton Schmitt, Hans Rothe, Elmer Rothe and Mr. and Mrs. Frank Cockrell.

Alumni Reception.

One of the prettiest affairs given in honor of the Seniors of the Hondo High School was the reception at the home of Dr. and Mrs. H. J. Meyer on Thursday night by the Alumni.

The house was beautifully decorated; the reception hall in red, white and blue; the living-room and dining-room in green and white, the class colors, and pennants. The pennants represented the schools attended by past graduates. Army and navy pennants were also in evidence as quite a number of our members have recently enlisted.

Receiving in the hall were Misses Bessie Brucks, Lucile Wools, Florence Lacy and Messrs. Wools and Filleman and Dr. and Mrs. Meyer.

The punch bowls were presided over by Mrs. P. L. Crain and Miss Emma Muennink.

Misses Barton, Harris and Chancey rendered several beautiful piano solos.

After the guests had all arrived they were entertained with a very interesting contest.

The most amusing feature of the evening's entertainment was the initiation of the graduates into the Alumni Association.

Mr. B. F. Harrison was toastmaster and the following toasts were proposed: "Seniors," Miss Clara Miller; "The Alumni," Miss Glee Fusselman; "The Faculty," Judge L. J. Brucks; "The Trustees," Prof. Peeler; "The Host and Hostess," Prof. Peters.

Delicious ice-cream and cake was served and tiny flags were the favors.

At the conclusion of the toasts "America" was sung after which the guests departed wishing the Seniors all the good fortunes of life.

The Weather.

The weather for the week, following the rain of last Sunday morning, has been the most disagreeable ever experienced in this section for this time of the year. The rain of last Sunday amounted to 1.43 inches and since then we have had 0.10 of an inch. The rain was not general, however, and some parts of the county is lacking in sufficient moisture to justify planting. The cold, damp weather has been rather severe on very poor cattle, and some of the ranchmen have had considerable loss. The sections favored by the rain are rapidly getting into good shape, and farming operations are keeping the rural population quite busy now.

community was greatly grieved at the death of one of our highly respected and pioneer of this county, Mr. Joseph of D'Hanis, Texas, who died at that place on Monday at 1 o'clock, May 7th, in the of his grief stricken widow, children, grand-children and old friends, who had gathered to be when he breathed his last and take the flight to its great beyond.

Finger was born in Oberenzen, Germany, June 17, 1847, and was therefore in his 74th year at the time of his death.

He was the only son of Mr. and Mrs. Finger Sr. who immigrated to this country in the year 1847, bringing with them, and who, after a weary journey, landed in this country, located with other at D'Hanis, Texas, where he to young manhood and made ever since.

Finger was married to Miss Marie, who survives him, and happy union twelve children were born, two of these in infancy preceded him in death, and those were: L. J. Finger, Wil-

Edward, Henry, John M., Frank, Alfred and Mrs. Al-

myer and Mrs. Nick E. of D'Hanis, with the ex-

cept of John M. Finger, who is of the First National Bank of Texas, and Charles Finger,

cashier of that institution, he leaves thirty grand-children, many relatives and friends, who deplore his departure.

One of the early settlers of this wild country, roamed over the prairies, outlaws and tribes of Indians, he saw and endured the hardships and privations of life, but, like the band of pioneers that worked for the up-

building of the country of those early days, he gave a helping hand and did his part in clearing and blazing the way for civilization to proceed.

In his declining years he had the satisfaction of seeing what once was wilderness wrought into a beautiful garden spot.

A large land owner and ranchman he enjoyed a wide acquaintance among the old and new residents of the state who mourn his

loss. A good husband and father his children well provided; he was much for the church and his community.

He was a staunch Catholic and the in which he was held by his men was evidenced by one of the most concourse of relatives and friends ever seen in D'Hanis, who

and his remains to Holy Cross and from there, after Requiem Mass, to the cemetery, where

was made, Rev. Father officiating, Tuesday morning.

His memory will long be cherished by a good man gone to his

Are Your Kidneys Well?

Many Hondo People Know the Importance of Healthy Kidneys.

The kidneys filter the blood. They work night and day. Weak kidneys remove impurities to multiply.

No kidney ill should be neglected. There is possible danger in delay. If you have backache or urinary troubles, If you are nervous, dizzy or worn out.

Begin treating your kidneys at once; Use a proven kidney remedy. None endorsed like Doan's Kidney Pills.

Recommended by thousands. Proved by Hondo testimony.

J. A. Hay, farmer, Hondo, says: "Some years ago when working on the cars, the constant standing resulted in pains through the small of my back and kidneys. As Doan's Kidney Pills had always been highly spoken of, I got some. They did me a world of good and entirely rid me of the trouble."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hay had. Foster-Milburn Co., Props., Buffalo, N. Y.

WHAT IS LAX-FOS

LAX-FOS IS AN IMPROVED CASCARA
A DIGESTIVE LAXATIVE
CATHARTIC AND LIVER TONIC

LAX-FOS is not a Secret or Patent Medicine but is composed of the following old-fashioned roots and herbs:

CASCARA BARK
BLUE FLAG ROOT
RHUBARB ROOT
BLACK ROOT
MAY APPLE ROOT
SENNA LEAVES
AND PEPsin

In LAX-FOS the CASCARA is improved by the addition of these digestive ingredients making it better than ordinary CASCARA, and thus the combination acts not only as a stimulating laxative and cathartic but also as a digestive and liver tonic. Syrup laxatives are weak, but LAX-FOS combines strength with palatable, aromatic taste and does not gripe or disturb the stomach. One bottle will prove LAX-FOS is invaluable for Constipation, Indigestion or Torpid Liver. Price 50c.

The Hondo Summer Normal is conducted under the direction of the State Superintendent of Public Instruction and is intended especially for those who desire to obtain certificates by examination, to build upon certificates already made.

The instructors will be ready at every period of the day to give individual assistance to students needing help on any subject.

Special arrangements will be made for High School pupils who wish to make up some past work for promotion or for advance credit work.

Our instructors are selected with a view to their professional training and their ability to teach and prepare the students for examination.

Our purpose is to help, your aim is to get the certificate.

TUITION

The tuition will be \$8.00 for the entire term. Students who desire to take the examinations must enter not later than Monday, June 11, for the first examination and June 25 for second examination.

Tuition is payable at the time of enrollment.

ADVANTAGES

1. A strong faculty, each member a specialist in the work he teaches.
2. Large, comfortable rooms, well furnished and equipped.
3. Good Library and Laboratories.

LOCATION

Hondo is situated 50 miles west of San Antonio on the G. H. & S. A. R. R. in one of the most beautiful farming sections in the state. North of Hondo is the beautiful mountain chain, while to the northeast (25 miles) is the most beautiful artificial lake in the entire Southland. This lake is a wonderful place to spend Saturdays in recreations.

BOARD AND LODGING

Rooms and board cost less in Hondo than what they cost in larger cities and towns. Hondo citizens are co-operating with the faculty and have made arrangements to board the students at lowest prices possible.

TEXT BOOKS USED

The Summer Normal will use the text books adopted by the State for its public schools. These books will be supplemented with those recommended by the State Department in its Outline of Work.

All books needed can be purchased in Hondo of W. H. Windrow.

OUTLINE OF WORK

In order that the student-teacher may work to the best advantage in preparing for teachers' examinations, this outline of work is submitted for the year 1917. It should be remembered that the best preparation is a result of thorough study and the prospective teacher should learn early in

her career to avoid hasty preparation or the "cramming" process as it is often called. Neither can any school worthy of a good name make "certificate getting" for its students its principal aim, and no student has any good chance to become a great teacher whose primary object is simply to get a certificate. Thoroughness makes examinations easy.

SECOND GRADE SUBJECTS

1. Agriculture: Warren's Elements of Agriculture should be used as the basis of work. Supplement with Ferguson & Lewis' Elementary Principles of Agriculture.

2. Arithmetic: Sutton & Bruce's Higher Arithmetic should be studied. Every student-teacher preparing for examination in arithmetic should master the fundamental principles as given in this text.

3. Geography, Descriptive: Tarr & McMurry's The World Geography, Second Book, should be used as a basis of the work in Descriptive Geography.

4. Grammar, English: Smith's Our Language Grammar should be used as a basis of the work.

5. History, Texas: Barker, Potts and Ramsdell's A History of Texas should be made the basis of the work.

6. History, United States: Hall, Smither and Ousley's The Student's History of Our Country should be made the basis of the work. Supplement with Cousins & Hill's American History for Schools.

7. Physiology and Hygiene: Ritchie's Human Physiology, together with Hartman and Bibb's The Human Body and Its Enemies, should be the basis of the work in Physiology.

8. Reading: The questions in Reading will be based on Huey's History and Pedagogy of Reading (The Macmillan Company, Dallas, Texas).

9. School Management: Bruce's Principles and Processes will be the basis for all examinations in the subject of School Management (C. A. Bryant Company, Dallas, Texas).

10. Spelling: McCallum & Horn's The New Century Spelling Book should be made the basis of the work.

11. Writing: The grade in writing will be given on the specimen or handwriting found in the Methods and Management paper, consideration being given to neatness, simplicity of form and legibility.

12. Algebra: Wentworth's New School Algebra, together with Hopkins & Underwood's Elementary Algebra, should be made the basis of the work in Algebra.

13. Civil Government: The work in Civil Government should be based on Triplett & Hauslein's Civics: Texas and Federal.

14. Composition, English: Herrick & Damon's New Composition and Rhetoric, together with Merkley & Ferguson's Composition - Rhetoric, should be made the basis of the work.

15. Geography, Physical: Tar's New Physical Geography should be made the basis of the work.

16. Geometry, Plane: Wentworth's Plane Geometry should be made the basis of the work.

17. History, General: Myers' Ancient History, and Myers' Mediaeval and Modern History, should be made the basis of the work in this subject. The questions in this subject will be based on both of these texts.

PERMANENT SUBJECTS

18. Literature: The work includes both English and American literature, but American literature will be stressed in the making of examination questions. The work should be based on Payne's American Literary Readings (Rand McNally & Company, Chicago), together with the following classics for special study.

- (1) American Literature.

(a) Emerson's Compensation and Heroism; Hawthorne's The Great Carbuncle, The Ambitious Guest; Holmes' The Autocrat of the Breakfast Table, chapters IV and XI, including "The Chambered Nautilus" and "The Deacon's Masterpiece"; Whitman's Out of the Cradle Endlessly Rocking and When Lilacs Last in the Dooryard Bloom'd; Mark Twain's The Jumping Frog; Joaquin Miller's Columbus; Bret Harte's The Luck of Roaring Camp. The biographical sketches of these authors should also be read. All the classics named in the study of American literature will be found complete with notes in Payne's American Literary Readings.

(b) Washington's "Farewell Address" and Webster's "First Bunker Hill Oration," published in one volume (American Book Company, or Scott, Foresman Company, Dallas).

(c) Franklin's Autobiography (American Book Company, Dallas).

19. History of Education: Graves' A Student's History of Education (The Macmillan Company, Dallas). Omit Chapters 3, 4, 5, 7, 8, 10, 14 and 20.

20. Psychology: Magnusson's Psychology as Applied to Education (Silver, Burdette Company, New York).

21. Bookkeeping: Twentieth Century Bookkeeping and Accounting, Part I (Southwestern Publishing Company, Cincinnati, Ohio. Part I of this book is published as a separate volume and includes all that is necessary for a text on this subject.

22. Chemistry: Brownlee's First Principles of Chemistry should be made the basis of the work. The entire text should be covered, but questions will be based mainly on Chapters 1 to 19, inclusive (Allyn & Bacon, Chicago).

23. Geometry, Solid: Wentworth & Smith's Solid Geometry (Ginn & Company, Dallas).

24. Physics: First Principles of Physics, by Carhart & Chute (Allyn & Bacon, Chicago).

25. Trigonometry, Plane: Wentworth & Smith's Plane Trigonometry (Ginn & Company, Dallas).

DATES OF EXAMINATIONS

At the close of each series of summer normal institutes there will be an examination for second grade, first grade, permanent, and permanent primary certificates. The Department of Education strongly recommends that there be held only one examination for each normal, except the term be for a full quarter of twelve weeks.

Mrs. Mamie Hall Gains 19 Pounds.

Was Sick In Bed For Eleven Months And Only Weighed 96 Pounds--Now Well And Happy Again.

Still another comes forward and adds her voice to the hundreds who have already endorsed the wonderful medicine, Tanlac. Mrs. Mamie Hall, who lives at 805 Fourth Avenue, South, Nashville, Tenn., says she suffered for years and had fallen off until she weighed only ninety-six pounds, but that she now weighs one hundred and fifteen, a gain of nineteen pounds.

"I had a bad form of stomach trouble," said Mrs. Hall, "and had suffered from it for years. I lost so much flesh and was so weak that I was confined to my room and bed for eleven months and my head ached so bad I could hardly stand it at times."

"Yes, they actually had to prop me up in bed to take a drink of water, as I just couldn't help myself at all. I lived on malted milk and graham crackers. The steady pains in my chest made me afraid I had lung trouble and my head ached so bad it seemed like it would burst."

"About a year ago I was taken to the hospital, the doctors saying I had cancer of the stomach. I was so nervous all this time that the slightest noise would almost drive me mad, and the pains in my back hurt me so I hardly ever got a night's rest."

"My husband was terribly out of heart about me, as the doctor said nothing would save me but an operation. We had spent a lot of money for medicines and it seemed like nothing would do any good."

"Well, sir, I happened to see a piece in the paper about Tanlac, and it told about a woman in Louisville that was suffering just exactly the same way I was. I begged my husband to let me try it and he had no faith in it, but he would get it if I wanted it. So he got a bottle and we kept it a secret from the doctor."

"That was the best thing I ever did in my life, for I began to feel better and gain weight with the very first dose. I had gone down so I didn't weigh but ninety-six pounds, but now, after taking four bottles, I weigh one hundred fifteen--five pounds more than I ever weighed in my life."

"I now feel strong and well and can do all my housework. I can eat anything--why, I actually ate a tomato after I had been taking Tanlac a week, and that's something that never would agree with me before. I have no more of those terrible pains and I am doing fine in every way."

"I got a letter yesterday from my husband at Chattanooga, and he said he had taken two bottles of Tanlac and was doing fine. I am going to Chattanooga Sunday, and I will sure take a bottle of Tanlac in my grip. This medicine just about saved my life and kept me from having to have an operation."

Tanlac is sold in Hondo by W. H. Windrow, in Devine by Lion Drug Store and in D'Hanis by Louis Carle.

Miss Lola Buchanan left Monday for a visit with friends at Corpus Christi.

Fletcher Davis Talks to Farmers.

Fletcher Davis, field representative from the State Agricultural Department, arrived in Goliad Tuesday morning and that afternoon addressed a small gathering of farmers and business men in the interest of increased food and feed supply.

At Berclair Mr. Davis held an interesting and well attended meeting Monday evening carrying out the same suggestions at each meeting in the county.

"The South has been importing millions of dollars worth of food and feed each year, and it is up to the farmers of the South to raise more of this food on their farms, and not have to draw on the supply from other states that will be needed to feed the soldiers of our country, as well as our allies. Let the South feed itself and give the surplus raised in Northern states to the soldiers and citizens of the European nations," is the appeal made by Mr. Davis. He stated that the wheat crop was short last year and that present indications were that it would be short again this year, making it imperative for the farmers of the South to raise grains that could be used in making bread. He suggested to the farmers that they plant a small acreage of corn, even though it was late, as well as different sorghums and grains, making plantings at different times during the seasons, which would lessen the danger of complete failure. He felt that at least one planting would hit the season correct and make a fairly good yield. He also advised the planting of peanuts, especially on sandy land, "Let the farmers get together and exchange experiences and profit by the advice of their neighbors. Make plans and plant that which is best adapted to your farm or locality, but by all means increase the food and feed supply," is the appeal to the farmers Mr. Davis is bringing from the department.

While many farmers already have their crop planted, or the majority of it, it might be well to remember that many of the grain crops can be planted in late summer and made to yield good crops. Make your lands grow the limit the coming year, and as soon as one crop is laid by prepare the second for fall crops.

problems confronting the people of the United States it is regretted that a larger number of the farmers were not out to hear Mr. Davis. But here we might state that valuable information can be obtained on any certain crop by dropping the department at Austin a card and making your wishes known. The department is maintained for the benefit of the farmers of Texas, and they should feel no hesitancy in making their wants known.—Goliad Advance-Guard.

A Symbol of Health.

The Pythagorians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfills its ancient mission as a symbol of health. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. Obtainable everywhere.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION, PROVID- ING FOR AND RELATING TO THE CREATION OF CONSER- VATION DISTRICTS.

Senate Joint Resolution No. 12.
Proposing to amend Article 16 of the Constitution of the State of Texas by adding thereto at the end thereof another section to be known as Section 59, declaring the conservation and preservation of all the natural resources of the State of Texas are public rights and duties; providing for the creation of conservation districts, declaring such districts bodies politic and corporate, defining the authority of such districts, and conferring upon the Legislature authority to pass laws with reference thereto; declaring that the Legislature shall have authority generally to legislate for the purpose of conserving the natural resources of the State; fixing the time for the election for the adoption or rejection of said proposed constitutional amendment; making certain provisions for said election and the ballots thereof and the methods thereof; directing the issuance of the proclamation therefore, prescribing certain duties of the Governor of the State and making an appropriation to defray the expenses of said election.

Be it resolved by the Legislature of the State of Texas:

Section 1.—That Article 16 of the Constitution of the State of Texas be amended by adding thereto at the end thereof another section to be known as Section 59, and which shall read as follows:

Section 59a.—The conservation and development of all of the natural resources of this State, including the control, storing, preservation and distribution of its storm and flood waters, the waters of its rivers and streams, for irrigation, power and all other useful purposes, the reclamation and irrigation of its arid, semi-arid and other lands needing irrigation, the reclamation and drainage of its over-flowed lands, and other lands needing drainage, the conservation and development of its fore, water and hydro-electric power, the navigation of its inland and coastal waters, and the preservation and conservation of all such natural resources of the State are each and all hereby declared public rights and duties; and the Legislature shall pass all such laws as may be appropriate thereto.

(b) There may be created within the State of Texas, or the State may be divided into, such number of conservation and reclamation districts as may be determined to be essential to the accomplishment of the purposes of this amendment to the constitution, which districts shall be governmental agencies and bodies politic and corporate with such powers of government and with the authority to exercise such rights, privileges and functions concerning the subject matter of this amendment as may be conferred by law.

(c) The Legislature shall authorize all such indebtedness as may be necessary to provide all improvements and the maintenance thereof requisite to the achievement for the purpose of this amendment, and all such indebtedness may be evidenced by bonds of such conservation and reclamation districts, to be issued under such regulations as may be prescribed by law and shall also, authorize the levy and collection within such districts of all such taxes, equitably distributed, as may be necessary for the payment of the interest and the creation of a sinking fund for the payment of such bonds; and also for the maintenance of such districts and improvements, and such indebtedness shall be a lien upon the property assessed for the payment thereof; provided the Legislature shall not authorize the issuance of any bonds or provide for any indebtedness against any reclamation district unless such proposition shall first be submitted to the qualified property taxing voters of such district and the proposition adopted.

Sec. 2.—The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held for such purpose on the Third Tuesday in August, A. D. 1917, the same being the 21st day of August, A. D. 1917; At said election the vote shall be by official ballot which shall have printed or written thereon the words "For the amendment to Article 16 of the constitution of the State of Texas providing for conservation districts, the creation of such districts and their government and regulation," and also the words "Against the amendment to Article 16 of the constitution of the State of Texas providing for conservation districts, the creation of such districts and their government and regulation." All voters favoring this proposed constitutional amendment shall erase the words "Against the amendment to Article 16 of the constitution of the State of Texas providing for conservation districts, the creation of such districts and their government and regulation," which said erasures shall be made by making a mark with pencil or pen through said words. All ballots cast as above provided shall be counted as cast for or against this proposed amendment, and if a majority of the votes cast shall be for the amendment it shall be declared adopted; if a majority of the votes cast shall be against the amendment said amendment shall be lost. All the provisions of the general election laws as amended and in force at the time said election is held shall govern in all respects as to the qualifications of electors, the method of holding such election and in all other respects as far as such election laws can be made applicable.

Sec. 3.—The Governor of this State is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the constitution and laws of this State.

Sec. 4.—The sum of Five Thousand (\$5,000.00) Dollars or so much thereof as may be necessary is hereby appropriated out of any funds in the State Treasury not otherwise appropriated to defray the expenses of such proclamation, publication and election.

C. J. BARTLETT, Secretary of State.

Letter to Postmaster.

Army Recruiting station,
207 Binz Bldg., Houston, Texas.
May 2, 1917.

Postmaster,
Hondo, Medina Co., Texas.

Dear Sir:—

The number of men required to recruit the regular army and the national guard to war strength will be approximately 400,000 men. And the war department desires to raise these men within thirty days after the approval of the army bill now pending in congress.

In order to do this, it will be necessary for every postmaster to render all possible aid to the recruiting officers of the Houston district. It is well understood here that the postmasters have a great many duties to perform in connection with their regular work, but at this particular time it is believed that every citizen of the United States, regardless of the amount of work that he has to perform, in an official or personal capacity, is willing to exert himself to the limit of his ability to aid in this work. A great many people are under the misapprehension that the regular army and national guard will be recruited on the principle for selective conscription, but this is not true for the President of the United States while he has the authority to draft men for this army, does not intend to use that authority until it is shown that the regular army and national guard cannot be recruited to war strength on a volunteer basis.

The particular work that I wish to assign to you, is to give as much publicity as possible to this letter, and to try and secure the quota of your county of volunteers. The quota of your county required for the regular army will be two men to every 100 population, and for national guard five men for every 1000 population, but inasmuch as approximately one-third of the required number are now enlisted, it will therefore reduce this required quota to approximately five men to the thousand population for both branches of the service.

In order to secure the necessary number of men in the required time, it will require active, energetic cooperation on your part, and on the part of every postmaster. Those of you who are not able or eligible for military service at this time, can render a far greater service by assisting the recruiting officers in securing the required quota from your district at once.

As the number of men available to send to county seats is limited, it is desired that after you have secured as many men as you think will respond to the President's call for volunteers, that you notify this office, and we will send a recruiting officer to your city to examine the men and forward them to the recruiting depot.

Requirements for service in this great army of volunteers is; any white citizen between the age of 18 and 40 who can speak the English language and is in good physical condition.

Trusting that you will find it possible to secure the number of men required as outlined above, I remain,
Very respectfully,

W. J. PUE,
Captain U. S. A. Retd.

ABOUT ADVERTISING—NO. 2

The Dollar That Can't Be Spent

By Herbert Kaufman

Every dollar spent in advertising is not only a seed dollar which grows a profit for the merchant but is actually retained by him even after he has paid it to the publisher.

Advertising creates a good will worth the cost of the publicity.

It actually costs nothing. While it uses funds it does not use them up. It helps the founder of a business to grow rich and at the same time keeps his business from not dying when he does.

It eliminates the personal equation. It perpetuates confidence in the store and makes possible for a merchant to withdraw from business without having the profits of the business withdrawn from him. It changes a name—an institution—an institution that will survive after the death of its builder.

It is really an insurance policy which costs nothing—pays a premium each year instead calling for one, and renders it possible to change the entire personnel of a business without disturbing its prosperity.

Advertising renders the business stronger than the man—-independent of his presence. It permanentizes systems of merchandising, the track of which is left for others to follow.

A business which is not advertised merely relies upon the personality of its proprietor, and personality in business is a decreasing factor. The public does not want to know the man who owns the store—it isn't interested in him, but in his goods. When an unadvertised business is sold it is only worth as much as its stock goods and fixtures. There is no good will to be paid for—it does not exist—it has not been created. The name over the door means nothing except to the limited stream of people from the immediate neighborhood, any one of whom could tell you more about some store ten miles away which has regularly delivered its shop news to their breakfast tables.

It is as shortsighted for a man to build a business which dies with his death or ceases with his inaction as it is unfair for him to provide for the continuance of its income for his family.

Says South Must Feed Itself.

Berclair, Tex., May 3.—The people of Berclair turned out en masse to the Methodist Church, where they listened to Fletcher Davis, field agent of the State Department of Agriculture, for an hour on "The Food Situation and How to Meet It." Mr. Davis said the South has not fed itself since the Civil War put an end to the self-supporting plantation system of slavery days and has been importing annually \$600,000,000 worth of food and feed from the North and West. This is now being diverted to the points of distribution and the people must support itself or risk the possibility of going hungry, he stated. Berclair farmers are preparing for a considerable acreage of Egyptian cotton this year.—San Antonio Express.

Whooping Cough.

One of the most successful preparations in use for this disease is Chamberlain's Cough Remedy. S. W. McClellan, Blandon Springs, Ala., writes, "My baby had whooping cough as bad as most any baby could have it. I gave him Chamberlain's Cough Remedy and it soon got him well."—Blandon Springs, Ala.

Lectures on Agriculture.

Chen, Texas, May 4.—Sam H. Chen of Houston spoke to a representative audience of business men and bankers here last night at the Hotel Fletcher Davis of Hondo. Mr. Chen covered the subject of the close with suggestions of what to plant and what others were doing to assist the farmer to plant and preserve the output. Steps were taken to secure data regarding potato and pea dryers. The speakers addressed their audience and handled figures in an interesting manner. They went to Yoakum this morning via auto, where they were scheduled for a talk along the feed and food growing crisis.—Austin Express.

Chamberlain's Tablets Have Done Wonders For Me.

"I have been a sufferer from stomach trouble for a number of years, although I have used a great number of remedies recommended for this complaint. Chamberlain's Tablets is the first medicine that has given me relief and lasting relief," writes Anna Kadin, Spencerport, N. Y. Chamberlain's Tablets have done wonders for me and I value them very highly. Obtainable everywhere.

Hold Farmers' Institute.

Galad, Tex., May 3.—Fletcher Davis, assistant organizer of farmers' institutes for the State Department of Agriculture, held a farmers' institute at Galad which was well attended. There a special food and feed campaign was carried on by the State department over the State and many important subjects were discussed.—San Antonio Express.

Muscle Soreness Relieved.

Unusual work, bending and lifting strenuous exercise is a strain on the muscles, they become sore and stiff, are crippled and in pain. Sloan's Liniment brings you quick relief, easy to apply, it penetrates without rubbing and drives out the soreness. A liquid, cleaner than musky ointments, it does not stain the skin or clog the pores. Always keep a bottle handy for the pains and rheumatism, gout, lumbago, sprains, bruises, stiffness, backache and all external pain. At your drug store.

And whisky and Christianity don't mix in the same skin together—Billy.

CLIP THIS AND PIN ON WIFE'S DRESSER

Cincinnati man tells how to shrivel up corns or calluses so they lift off with fingers.

Ouch ! ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezezone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezezone tell him to order a small bottle for you.

Texas Road Material in Demand.

United States Government Wishes Information About Crushed Stone, Gravel and Sand.

Austin, Texas, May 7.—Engineers of the United States Army wish to secure at the earliest possible date complete information about available materials for road construction in the Southwest. The authorities of the University of Texas have been requested to collect this information and transmit it to Washington. To carry out this plan it is necessary to secure the names and addresses of owners and operators of plants producing crushed stone, gravel and sand in every county in Texas. Information is also desired about localities where road materials may be obtained, and the kind of road materials available. Persons owning gravel pits, sand pits, or stone quarries, or who have information about such deposits, are urged to write and, if possible, to submit samples of the materials to Dr. J. A. Udden, University of Texas, Austin, Texas. By responding at once to this request a great service can be rendered to the work necessary for the defense of the nation and in the development of one of the important national resources of Texas. It is of the utmost importance that action in the matter be taken promptly.

Arrangements have been made with J. W. L. Hanley to do a real estate business at D'Hanis. See him at the depot at that place and talk over your real estate wants with him. Fletcher Davis.

INDIGESTION
If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel dull and languid after eating you may know that your digestion is faulty, unless you have eaten more than you should. Belching, sour stomach and bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the constipated condition. Chamberlain's Tablets are also most excellent for biliousness. Sold everywhere at 25c.

For Weak Women
In use for over 40 years! Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.
There are no harmful or habit-forming drugs in Cardui. It is composed only of mild, medicinal ingredients, with no bad after-effects.
TAKE CARDUI The Woman's Tonic
You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help. "I was taken sick, seemed to be . . ." writes Mrs. Mary E. Vestie, of Madison Heights, Va. "I got down so weak, could hardly walk . . . just staggered around. . . I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when run-down. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

CALOMEL DYNAMITES YOUR LIVER! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tonic" Starts Your Liver Better Than Calomel and You Don't Lose a Day's Work
Liven up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel because it makes you sick and you may lose a day's work.
Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crumbles into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping. Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tonic tonight. Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tonic under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.
Dodson's Liver Tonic is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.
Dodson's Liver Tonic is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tonic instead of dangerous calomel now. Your druggist will tell you that the sale of Calomel is almost stopped entirely here.

No Eggs, Milk or Butter

The following recipe shows how an appetizing, wholesome cake can be made without expensive ingredients.

In many other recipes the number of eggs may be reduced one-half or more by using an additional quantity of ROYAL Baking Powder, about a teaspoon, in place of each egg omitted.

EGGLESS, MILKLESS, BUTTERLESS CAKE

1 cup brown sugar
1 1/2 cups water
1 cup seeded raisins
2 ounces citron
3/4 cup shortening

1 teaspoon nutmeg
1 teaspoon cinnamon
1/2 teaspoon salt
5 cups flour
5 teaspoons Royal Baking Powder

The old method (fruit cake) called for 2 eggs

DIRECTIONS—Put the first eight ingredients into saucepan and boil three minutes. When cool, add the flour and baking powder which have been sifted together; mix well. Bake in moderate oven in loaf pan (round tin with hole in center is best) for 35 or 40 minutes. Ice with white icing.

Booklet of recipes which economize in eggs and other expensive ingredients, mailed free. Address Royal Baking Powder Co., 135 William Street, New York.

ROYAL BAKING POWDER

Made from Cream of Tartar, derived from grapes, adds none but healthful qualities to the food.

The Rain.

After a light rain Thursday evening which was accompanied by considerable hail of small dimensions, a fine rain fell here Sunday, which, although it was not a gully washer or tank filler, will prove of great benefit to crops and pastures, consequently our farmers are wearing 2x4 smiles.

Entertainment and Dance at Cliff.

An Entertainment and Dance will be given at the Maverick School House, May 19th, 1917, at Cliff, Texas.

Card of Thanks.

We adopt this method of expressing our most sincere thanks to those dear friends who so kindly assisted us during the last illness and death of our beloved mother, Mrs. Katharine Haby, also for the many beautiful floral offerings.

THE CHILDREN.

The Bankers and Business men's Food and Feed Campaign Committee of San Antonio arrived on schedule time at old Castroville on Tuesday and addressed a good sized audience at the Empire Opera house.

Mrs. Otto Schmitt, proprietress of the Cottage Hotel, had the misfortune to fall over a bench early Sunday morning while out trying to shelter some little chickens from the rain and broke her arm and dislocated her elbow. She was immediately taken to the Santa Rosa Hospital in San Antonio. Mrs. Schmitt returned home yesterday but will have to carry her arm in a sling for some time.
